A NEW SILVER PARTY

Now Being Organized by Western
Free Silver Men.

SECRET MEETINGS HELD IN ST. LOUIS.

The Leaders, Looking About for a Man
for Presidential Candidate, Casting
Longing Glances Toward "Silver
Dick" Bland, of Missouri.

ST. LOUIS, Nov. 29.—There is no
doubt that secret plans are now being
formulated by the free silver men of
the west to organize a new political
party, and the most active men engaged
in the work at present are the leaders
of the bimetallic league, assisted by a
number of outsiders who are leading
free silver advocates.

The executive committee of the Bi-
metallic league held several meetings
in secret at the Southern hotel on
Tuesday and Wednesday, but their
work was conducted in a dark and
mysterious way, and the general public
was not allowed to obtain but a
few small crumbs of information in-
dorsed by the silver seal of authority.

However, men who were present at
these conferences, and who are thor-
oughly informed on every feature of
the work, gave out the fact in a gen-
eral way that a movement is on foot to
organize a free silver party.

This party is expected to have a
rapid growth, and to arrive at a full-
fledged period of power and influence
in an incredibly short time by absorb-
ing free silverites, populists, disgrunt-
led democrats, recalcitrant republicans
and men who advocate all the
unique issues known in finance, religion
or politics.

Moreover, the enthusiasts who are
now keeping the fires burning under the
political incubator that is to hatch
this new party, are already looking
around for a man who will furnish
the infant with presidential swaddling
clothes. And it is whispered that "Sil-
ver Dick" Bland, who was recently de-
feated for congress in the eighth Mis-
souri district by the country doctor,
is looked upon with favor as the
best man to array the infant in
in a silver cradle in the White House.

In other words, when the infant is
born, and populists and disgruntled
men with all sorts of isms and wheels
in their heads have brought forward
frankincense and myrrh, it is in-
timated that the magic name of "Silver
Dick" as the standard bearer is the one
to carry the new party into supreme
power.

IN FAVOR OF FREE SILVER.

A Majority Report in Favor of Free and
Unlimited Coinage Adopted.

ST. LOUIS, Nov. 29.—Free silver was
king in the Transmississippi Commer-
cial congress yesterday. The commit-
tee on resolutions made a majority re-
port in favor of the free and unlimited
coinage of silver at the ratio of 16 to 1.
It was read by the chairman of the
committee, Congressman W. J. Bryan,
of Nebraska.

A minority report favoring mono-
metallism and a gold standard was
read by ex-Gov. E. O. Stanford, of Mis-
souri.

After a discussion of the reports by
several speakers, ex-Gov. Stanford lead-
ing the debate for the minority report,
and Congressman Bryan being the
leading speaker for the free silverites,
the matter was put to a vote.

When the vote was taken, 10, and be-
hold! the congress was for free silver by
a majority of 133, the vote standing
213½ for and 77½ against.

EX-SENATOR O'MALLY INDICTED

His Friends Accused of Intimidating the
Chief Witnesses Against Him.

CHICAGO, Nov. 29.—The grand jury
yesterday indicted ex-State Senator
John F. O'Mally on the charge of as-
sault with intent to kill a cab driver
named Shephard election night. The
evidence in relation to the shooting by
O'Mally of a bartender named Varalos
the same night was not all presented
to the jury, but an indictment on that
charge is expected when the jury re-
assembles Friday.

The charges were dismissed in the
police court because the men who were
shot failed to appear and the Mar-
quette club of republicans, which is
pushing the prosecution of all election
outrages, accused the friends of O'Mally
of intimidating the chief wit-
nesses. The cases were accordingly
brought before the grand jury by the
Marquette club lawyers, who complain
of the opposition and apathy of the
democratic state's attorney and his as-
sistants.

TORE UP THE TRACKS

For Six Hundred Feet but No One Was
Hurt by the Accident.

ST. JOSEPH, Mo., Nov. 30.—Chicago &
Great Western passenger train No. 1,
south-bound, was wrecked near Mat-
ney station, six miles out of this city,
yesterday afternoon by a broken axle.
The train was full of passengers, and
was running twenty miles an hour.
Every coach left the track, but as the
ground was level at that point no one
was hurt. The track was torn up for
200 yards and the coaches badly dam-
aged. All Santa Fe trains for St.
Louis were delayed as were the Maple
Leaf, as they use the road jointly.

THE NEW DIPHTHERIA CURE.

Dr. Kinyoun a Convert to the Use of
Sereum.

NEW YORK, Nov. 30.—Dr. J. J. Kin-
youn, past assistant surgeon of the
Marine hospital, arrived on the Lah-
for Bremen, yesterday morning. Dr.
Kinyoun was sent abroad as the rep-
resentative of the United States Ma-
rine hospital service to attend the
medical congress Dr. Kinyoun made
a thorough study of the new serum
cure for diphtheria. He expresses the
greatest belief in the new treatment,
and says it is to diphtheria, in the first
stages, what vaccination is to small
pox. Dr. Kinyoun has already made
arrangements to introduce the cure into
the hospitals of the United States Ma-
rine hospital service.

REFUSES TO TALK

About the Affairs of His Daughter and
Scapegoat Son-in-Law.

WASHINGTON, Nov. 29.—Chief Justice
Fuller declines to talk about the af-
fairs of his daughter, Mrs. Aubrey, and
of his scapegoat son-in-law, J. Matt
Aubrey, for whose arrest on a charge
of forgery a warrant was yesterday is-
sued in Chicago. Asked as to the
truth of the report that Mrs. Aubrey
had instituted proceedings for divorce,
he said: "There is not a word of truth
in the statement so far as I know I
believe it to be absolutely false. She
has neither applied for a divorce nor
will she."

PASSENGER TRAIN DERAILED.

Baggage and Express Car Burned, but
Nobody Killed.

COLUMBIA, S. C., Nov. 30.—The pas-
senger train due here at 10:10 p. m.
from Charleston was derailed thirty-
five miles south of here on the South
Carolina & Georgia road last night.
The baggage and express car caught
fire and burned. No one was killed.
The railroad controls the telegraph at
that point, and no further particulars
are obtainable until the return of the
special train, which may not be for
some hours.

Reaped the Wages of Sin.

WATKINS, N. Y., Nov. 30.—A ghastly
tragedy was enacted at the Kendall
house some time during Wednesday
night. At about 5 o'clock yesterday
morning, Miss Kate Quirk, a domestic
employed there, and Charles N. Rich-
ards, a saloonkeeper were found in the
former's room with their throats cut in
a horrible manner. Miss Quirk was
dead and Richards cannot recover.
The latter is 38 years of age and has a
family. He and Miss Quirk had been
intimate for some time and jealousy
probably prompted the deed. The
coroner thinks Richards killed Miss
Quirk before attempting his own de-
struction.

The Malagassy Government's Reply to the French Ultimatum.

PARIS, Nov. 30.—The Malagassy gov-
ernment, in its reply to the French ul-
timatum, agrees that the French res-
ident in the island shall become the
mediary between Madagascar and the
powers, and also agrees that France
shall effect such public works in the
island as the Malagassy authorities
shall deem necessary. The reply also
proposes that the Hova-French dis-
putes shall be tried by a mixed court,
and that the boundaries of the French
territory around Diego Suarez shall
be definitely settled. The government
retains to itself the right to import
arms and munitions of war.

TO PUT ON

needed flesh, no mat-
ter how you've lost
it, take Dr. Pierce's
Golden Medical Dis-
covery. It works
wonders. By restor-
ing the normal ac-
tion of the deranged
organs and functions,
it builds the flesh up
to a safe and healthy
standard—promptly,
pleasantly and natu-
rally. The weak,
emaciated, thin, pale
and puny are re-
stored to plump, round
and rosy. Noth-
ing so effective as a strength restorer
and flesh maker is known to medical sci-
ence; this puts on *healthy flesh* not the fat
of cod liver oil and its filthy compounds.
It rouses every organ of the body to ac-
tivity, purifies, enriches and vitalizes
the blood so that the body feels refreshed
and strengthened. If you are too thin, too
weak, too nervous, it may be that the food
assimilation is at fault. A certain amount
of bile is necessary for the reception of the
fat foods in the blood. Too often the liver
holds back this element which would help
digestion. Dr. Pierce's Golden Medical
Discovery stimulates, tones up and invig-
orates the liver, nourishes the blood, and
the muscles, stomach and nerves get the
rich blood they require.

Spent Hundreds of Dollars with no Benefit.

M. J. COLEMAN of St. Sargent St., Roxbury,
Mass., writes: "After
suffering from dyspepsia
and constipation with un-
told agony for at least 18
months, I am more than
pleased to say that after
using Dr. Pierce's Golden
Medical Discovery and
'Pleasant Pellets' for one
month, I was entirely
cured, and from that day
to this I do not know
what God, what even a
slight headache is. I paid
a doctor on Tremont St.,
Boston, in one day (for
his advice only) the sum
of \$10.00 with \$5.00 for
medicine, and derived no
benefit. I got more relief
from one box of your
medicines, so far as my stomach was concerned,
than from all the other medicine I used.
If any person who reads this is suffering from
dyspepsia or constipation and will use your
medicines as I have done, he will never regret it."

Address THE EVENING REPUBLICAN, 125 South Water street, Decatur, Illinois.

FRIDAY, NOVEMBER 30, 1894.

The majority in Kansas against woman suffrage was 36,000. This majority is probably chargeable to Mrs. Driggs and Mrs. Lease.

There are a great many persons who can appreciate John J. Ingalls' reference to himself as "a statesman out of a job," better than they did before Nov. 6.

Whatever else may happen as to the income tax, it has been settled that mighty few Democratic congressmen from the north will pay an income tax on their salaries.

Those defeated Democratic congressmen who prate about passing those popular tariff bills are simply demonstrating that they have learned nothing from the result of the recent election.

Since the recent election has resulted as it has if the Democratic party does not nominate its next candidate for president from the south it may be fairly accused of trying to cater to sectional prejudices.

More people left the country last year than came into the country. The Democratic leaders can settle the immigration question, but they settle it in a way that is mighty expensive to the people who make up the nation.

There are some things that can be predicted with a great degree of certainty. One of them is that the free-traders in congress will not carry Chairman Wilson about the chamber on their shoulders as they did the day the Wilson bill passed the house.

The Free Silverites.

The so-called American Bimetallic League, now in session in St. Louis, is a convention that will attract some attention. It is a meeting of the advocates of the free coinage of silver at a ratio of 16 to 1, and embraces such men as Bryan, of Nebraska; Warner, of Ohio; Sibley, of Pennsylvania; and Weaver, of Iowa. The object is to break up the Democratic party or force that party to adopt a free coinage platform and stick to it. One of the delegates, in answer to an inquiry as to whether the new movement would not result in the organization of a fourth party said:

"No; I don't believe that would be practicable; neither do I believe it will be necessary. When the Democratic party finds itself confronted with the loss of the Southern and Western States it will hasten to amend its position on financial questions. It will either endorse free silver or be swallowed up in a new party with bimetalism for its platform."

This reply voices the sentiment of the meeting and the result is likely to be one of the two predicted. This may fairly be said to be the result of the folly of the Democratic leaders. These leaders are responsible for the silver coinage sentiment in the country to-day, and it is likely the Democratic party will itself suffer for its own sins. Only a few days since, Secretary Carlisle expressed his views on free coinage of silver by saying that he was never in favor of it, and that it would be disastrous to the business interests of the country; and yet he, as a Democratic party leader, has repeatedly, as a member of congress, voted and spoken in favor of free coinage. Like his colleague who was playing the demagogue by his acts, the object being to raise false issues in the hope it might help the Democrats into power and now that they are in he repudiates his action in congress and confesses his own dishonesty as a leader. The same class of leaders adopted a silver plank in the last Democratic national convention, which was intended to mean free coinage in one section and honest bimetalism in another. The object was deception. The same leaders encouraged the organization of the Populist party in the hope it would break the power of the Republican party in the west. Those leaders have created and nursed these heresies, and now the day of reckoning has come, as it always does to the dishonest. What next? The meeting in St. Louis proposes to turn the next leaf, which, they say, means the destruction of the Democratic party, or force it to swallow its own heresy. The Democratic leaders have in the past seriously compromised the honest element in the party. It now remains to be seen whether they will attempt it again.

Should the party refuse to adopt free coinage of silver, at the ratio of 16 to 1, then we may expect the silver cranks in the party to leave it and be swallowed up in a new party. On the other hand, should the Democratic leaders conclude to swallow free silver, these men in the party who are honest and patriotic, and who favor a sound currency, will be forced to do one of two things—either stultify themselves, or leave the party which seems unable to prosper save by threatening to destroy prosperity. It is safe to predict they

will refuse longer to identify themselves with the party of errors and will ally themselves with the Republican party. In that case the free-silverites of the country will be powerless to do anything, and the country will be safe from their crank notions. Truly the Democratic party has reached the most critical period in its history. Its troubles have been brought upon it by the dishonesty of its leaders, and the country will lose nothing should its own folly kill it. It ought to die. It has ceased to be useful to itself and has become dangerous to the country.

That Senatorship.

Morris Herald: Senator Cullom is certainly entitled to a re-election to the United States senate as against any other aspirant at present in the field.

Paris Beacon: When the people of Illinois through their representatives in the legislature express their preference for a United States senator next January, the verdict will be: "Shelby M. Cullom, successor to himself," and it is right that it should be so.

Beardstown Star of the West: Chicago may exert herself in every conceivable way to hog the United States senator, but those exertions will be useless. Senator Shelby M. Cullom will be his own successor, and don't you fail to recollect it. The rank and file of the party want him and their will will be heeded.

Duquoin Tribune: Shelby M. Cullom is a senator of excellent worth and recognized ability. He has won honorable fame as a member of the state legislature, as governor of Illinois, and as a member of both branches of the national legislature, and has acquired a standing in the highest legislative body in the world to which his thorough training, his intelligence, his stainless life, his patriotism, and his conservatism, entitle him.

Massachusetts Republican: Colonel George R. Davis of Chicago has opened headquarters and declared himself a candidate for United States senator to succeed Senator Cullom. His only support so far has come from the Democratic press of Chicago. Senator Cullom should and will succeed himself. No man in Chicago has earned the right to contest with him for the honor except Hon. William E. Mason, and he can wait for Senator Palmer's place.

Streator Free Press: One of the strongest arguments against the nomination of a candidate for United States senator at a state convention was the fact that those who were disappointed would not be active in the campaign. It was deemed good politics to enlist as many active, influential workers as possible by leaving this prize open to the successful contestant. Senator Cullom could easily have been nominated at the last Republican state convention, but he agreed that a nomination should not be made, and laid down the gauge of battle. Of all that motley crew now asking to be made senator not one engaged in open contest but W. E. Mason, and he alone is entitled to consideration as an opponent of Mr. Cullom.

Quincy Whig: The senator must be the man who can best represent the whole state, and we know of no Republican who can better fill the requirements of the office than Senator Cullom. In his ten years' service in the senate he has ably represented the whole state, from Chicago to Cairo and from Quincy to Danville. In a long career of public life not a suspicion of anything that was not wholly honorable has ever been breathed against his name, and few men possess the confidence of the people to a greater degree than he. He is the peer of any man in party service, and for thirty years has always been found in the front ranks fighting the battles of Republicanism. With his ability and his experience, his strong hold upon the confidence of the people and his staunch Republicanism, he is the man who can most satisfactorily represent the great state of Illinois in the United States senate.

THE A. G. Field Minstrels
Our fun-loving readers will hail with
delight the announcement of the A. G.
Field Minstrels who are to appear at the
Opera House on Tuesday evening Dec
4th, for one performance only.

Was there ever a boy lived who did
not love the old clown in a circus or
pantomime? The good clowns of our
boyhood days are not often seen, and
yet there's no character in show life
that is so highly appreciated or gener-
ally laughed at as the old clown. In
connection with the A. G. Field Min-
strels they have the Pantomime of Alad-
in with the real old clown that we, as
boys, loved so well. Toto is the clown,
and they say he is the genuine article.

The Sleet.

There was considerable sleet Thurs-
day morning, and as the rain kept com-
ing all day with the temperature low
there was every prospect of a general
freeze up; but the rain was the victor
and most of the ice disappeared, leaving
only specks to annoy pedestrians and
worry the electric street car manager.
The trolley wheels were taken out, so
that the forks could scrape the ice off
the wires. Cloudy and rain to day.

At the Poor Farm.

Thursday Steward W. C. Burley and
wife gave the inmates of the Macon
county poor house a fine Thanksgiving

Supt. W. J. Magee and wife were pres-

physician, was invited, but he could not
go out. The farm turkeys were cooked

It was a brilliant social affair and was

were beautiful and pat, showing that

Funeral of Mrs. Rachel H. Moore.

The funeral services over the remains
of Mrs. Rachel H. Moore, were held at
230 o'clock Wednesday afternoon at the
First M. E. church, and were conducted
by Rev. D. F. Howe. The choir of that
church directed the singing. A large
audience was present to pay their re-
spect to the memory of the deceased.
The hymns were selected by the family
and were, "Watman, Toll Us of the
Night," "Sweet Rivers of Redeeming
Love," and "Home of the Soul." The
subject of the discourse by Rev. Howe
was "The Dedicated Life." He spoke of
the beautiful character of the deceased
attributable to a life dedicated to Christ,
and showed that to one so dedicated even
death was a gain, as such a life goes
up, step by step in this world and in the
world to come.

The burial was at Greenwood cemetery,
the members of the Woman's Relief
Corps attending in a body. The pull-
bearers were G. W. Bright, R. W. Shull,
A. Litsenberger, F. L. Hays, C. C. Rad-
cliff, and C. M. Imboden. The members
of the choir were Mr. and Mrs. Bert
Gher, Miss Hanford and S. R. Gher.

A Cane for the Major.

There was a special event of K. P. in-
terest at the home of F. O. Damrow
Thanksgiving day. Members of Decatur
Division, No. 36, Uniform Rank, Knights
of Pythias, presented the major with a
handsome gold headed ebony cane. It
was in the nature of a surprise for forty
K. P. friends, and was entirely success-
ful. Major Damrow and wife enter-
tained the callers in a princely manner.
There were games, vocal and instru-
mental music, also comic songs by
Walter Irwin and Allerton Freeman.
The evening was one of rare enjoyment
for all present. Refreshments were
served. Those present from a distance
were: Col. and Mrs. C. A. Parish and
son, Dwight, of Taylorville, and Lieut.
and Mrs. W. F. Breil and daughter, of
Litchfield.

Sol Smith Russell.

Sol Smith Russell, who is a perennial
favorite with all who can appreciate re-
fined comedy, will be a welcome figure
at the Grand Thursday evening, Dec. 6.
His art, always effective, has mellowed
and ripened so much of late that it
justly deserves high rank. "A Poor Re-
lation," a play in which Mr. Russell has
made a national fame, will be the attrac-
tion. It is a pretty story, with touches
of nature which absorb human interest.
The constant humor, pure and elevating,
is blended with pathetic incidents, form-
ing a production of delightful simplicity.
The central character might have been
drawn by Dickens in so far as its chief
characteristics are concerned. He is a
shabby genteel, big hearted fellow, and
Russell fits the part to perfection.

Says He Has a Wife in Decatur.

A man giving his name as George Harvey, and who claims to have a wife in Decatur whom he married three months ago, has been lodged in the Clinton jail. On Wednesday he applied at the office of the Clinton Public for employment as a local writer or a solicitor. There being no opening, the editor of that paper advised him to go to Bloomington, and told him he might reach the train going north if he should hurry to the depot. Instead of starting in the direction of the depot, he went to the dental rooms of Dr. Pelton, where he represented himself as a painter of signs on windows, and solicited a job of painting the doctor's sign on his windows. The doctor did not want the work done, and dismissed him. He left the office and shortly thereafter the doctor went to his dinner. When he returned he found his door broken in and discovered that all his instruments and material had been taken. He at once suspected the sign painter and got a policeman and together they went to the depot and found their man waiting for the train, but he had no goods nor chattels about him that Dr. Pelton claimed. The suspicion, however, was so strong that they made a search about the depot surroundings and found the property hidden about one of the small houses near the depot. They then took their man to jail.

Harvey claims to have been raised in Burlington, Iowa, and to have worked on the Burlington Hawkeye and other papers in that city. He claims also to have been in Decatur for some time trying to find work. He is said to be a fairly good-looking man, about twenty-four years old, and tall and slender.

Madame Yale's Lecture.
Wednesday afternoon about 100 ladies heard Madame Yale at the Grand. The lecture was on beauty culture given by a lady of 43, the mother of three children, who looked like she might be 20 or 25 as she stood in evening dress before the subdued illumination of the footlights. She gave a talk on the benefits and joy of beauty in man or woman, and then told her hearers what they ought to do to retain beauty of face and form, what they should eat, how they should exercise and how they could remove wrinkles, blotches and blemishes. The lady is the maker and seller of a lot of famous soaps, tonics, lotions and powders which she said could be bought at certain Decatur drug stores. She recommended the liberal use of all her preparations to retain and restore beauty.

In the last half of the lecture the lady appeared as a page and gave the audience a demonstration of her personal knowledge of Cleopatra. Madame Yale is very clever in her work and speaks from personal experience in the art of beauty culture.

A Delightful Party.
Twenty young gentlemen gave a delightful cotillion Wednesday evening at the Columbia Hall to as many ladies. The opera house orchestra furnished the music for a program of dances which lasted till 10 o'clock, when the Germans began. It was led by Edward Powers with Miss Nellie Hawkins of Minneapolis. The favors were all bows of different colored ribbon. During the evening a delightful supper was served. The guests and the gentlemen who gave the party were as follows: Messrs. Alice Bering, Lola Montgomery, Ada Haines, Margaret Roberts, Edith Lytle, Mollie Tuttle, Grace Shellabarger, Eugenia Harris, Anna Strohm, Nell Schroeder, Luella Elfrich, Belle Burrows, Jennie Chambers, Belle Vennigholz, Miss Hawkins of Taylorville, and Messrs. No more deluding of the sick! is indeed a medical revolution rifying old practitioners and

These doctors have revolutionized special practice here, and although others try to share it, they cannot succeed. The people of this city and vicinity are too intelligent to be deceived by ignorant pretenders who have failed to get practice in even obscure country villages, and who, as a last resource, branch out as traveling specialists and make a bid for practice by offering all kinds of humbuggery, even of refunding money. That for itself is evidence of fraud. Don't be gulled. Don't be humbugged. They are here today and away tomorrow. Your money is gone and you are in a worse condition. Stick by the reliable, the Great German and English Doctors. They publish no names of cured patients, but come regular, cure their patients and feel satisfied.

Recommendations from people living hundreds of miles away look very suspicious.

MONROE DOCTRINE

Must Be Rigidly Observed by Great Britain

IN THE BLUEFIELDS SETTLEMENT.

Notwithstanding the Natural Desire of the Naval Authorities to Disclaim any Menace to a Friendly Foreign Country.

WASHINGTON, Nov. 30.—The present condition of the Nicaraguan involvement appears to be this:

The United States distinctly refuses to reopen the Mosquito question at the point where negotiations were proceeding a year ago, when the only law in the disputed territory emanated from Chief Clarence and the filibustering supporters he had gathered around him. The reopening of the question at this point appears to be what Great Britain desires. It is held by the United States that the new government established by Nicaragua at Bluefields is admittedly a vast improvement upon the irresponsible rule of an ignorant half-breed, and that Great Britain, in common with the United States and other countries, in the interest of commerce should now be willing to hold an organized government to account for the maintenance of order and for the protection of foreign interests in that sparsely settled country.

While to some extent the negotiations which England herself invited under pressure, looking to the abrogation of the treaty of Managua, involved the threatening of much old straw, the indisputable fact remains that Great Britain has known and tacitly agreed to the new order of control which has existed at Bluefields for several months; that Great Britain has been fully aware of the approval extended by the United States to the Nicaraguan assumption of responsibility for the preservation of law and order there, and that Great Britain has refused until goaded by the expulsion of ex-Consul Hatch, from rehabilitating the claims of an ancient tribe of Indians whose present members consist of Jamaica negroes, half-breeds and law-resisting whites of various nationalities.

Under these circumstances, the United States could hardly do otherwise than resist an attempt to return to the old order of things. For forty years not the slightest progress had resulted from the continuous and exasperating negotiations growing out of the Clayton-Bulwer treaty with its voluminous correspondence, until Nicaragua secured complete and final control over the Mosquito territory last August.

The valuable time consumed by the great statements of this country and Great Britain in the exchange of ideas resulted in affecting the convictions of neither in the slightest degree, and with the recollection of this hopeless discussion of a question forced upon the present administration it is regarded as certain that the United States will not be induced to again throw open to profitless discussion the principles of the Monroe doctrine, which are now held to be firmly established beyond any possible friendly contention by a foreign power.

Notwithstanding the natural desire of naval authorities to disclaim any menace to a friendly country, in the announced intention to maintain unusually large fleets on both coasts of Central America this winter, it is not denied that the ships are held in readiness to proceed under telegraphic orders, nor is it regarded as most improbable that the fleets, while cruising near Nicaragua, Panama or Venezuela, will even passively encourage any disturbance for the American flag in those waters.

ENGLAND GIVES UP

And Admits that Minister Gosling Exceeded His Authority.

LONDON, Nov. 30.—It is semi-officially stated that Great Britain's note to Nicaragua, which has given rise to the fear of a breach in the friendly relations with the United States, only intimated that Great Britain could not recognize the validity of certain decrees recently issued by the Nicaraguan government. This has already been explained to the government of the United States.

Inquiries made at the admiralty today elicited the statement that the department had no information as to any British war ships having gone to Bluefields. No orders, it was said, had been issued for any war vessels of the British navy to go there. It was admitted, however, that the commander of the Mohawk might have gone to Bluefields of his own volition.

Later it was reported that the Bluefields incident had been settled, Great Britain having upon the representations of the United States, admitted that Mr. Gosling, the British minister, exceeded his authority in declining to recognize Nicaraguan supremacy in the Mosquito territory. The affair may lead to his recall.

PRESIDENT HAVEMEYER

Wishes the Closing of the Sugar Exports.

NEW YORK, Nov. 30.—President Havemeyer of the American Sugar Refining Co. has given out a statement in regard to the orders issued Wednesday closing its refineries in New York, Philadelphia and Boston. The sugar business, he says, has been bad for some months, and they have been running their refineries at a loss in the hope that some improvement would come. The reaction following the passage of the tariff bill and the general report that congress will pass a bill making all sugar free, together with the war among the wholesale dealers, he named as causes of the present depression in sugar.

THE WAR IN THE EAST.

Refused to Receive the Commissioner. LONDON, Nov. 30.—The Central News correspondent in Tokio telegraphs that Commissioner Dietring and his suite sailed for Tien-Tsin yesterday. The Japanese premier, Count Ito, declined to receive Commissioner Dietring, saying that he would only receive an envoy who had received his appointment direct from the government at Peking and would hold no communication with the viceroy's messengers.

A Sept. the Outside Barbarians. SHANGHAI, Nov. 30.—It is announced that as a sop to the foreign residents in China, Nankin and one of the ports of the island of Hainan will be opened to trade.

A Batch of War News From Tokio. LONDON, Nov. 30.—The Tokio correspondent of the Central News telegraphs:

The Japanese have found at Port Arthur a chart which has enabled them to locate exactly and control all the mines in the harbor.

On November 20, previous to the storming of the forts, the Japanese placed 100 field guns in well-chosen positions and rained shot and shell upon the Chinese entrenchments. This bombardment made possible the rapid success of the assault.

In accordance with a telegram from Hiroshima, Mr. Hart, the principal surgeon at Chiu Lien, will be released to report to the directors of the Hiroshima hospitals.

There was an engagement near Mo Tien-Ling on the 25th. The Korean troops tried to break the Japanese right flank, but were repulsed. The Japanese loss was forty-eight killed and wounded.

From Tien-Tsin the Central News hears: Li Hsing Chang has gone to Pao Ting Poo, his usual winter residence and the seat of the provincial government. His departure has given rise to many false rumors to the effect that he had been degraded again. The viceroy's friends say that the time is near when he will be summoned to Peking to save the country by his statesmanship.

HIS BAIL BEING ARRANGED. Defaulter Seeley Will Soon Surrender to the Authorities.

NEW YORK, Nov. 30.—The Times today says: Samuel C. Seeley, the fugitive defaulting bookkeeper of the National Shoe and Leather bank, will surrender himself to the federal authorities, according to his counsel, within forty-eight hours at the utmost. A positive and direct statement to this end was made last night to a reporter of the Times by Charles J. Peshall, the criminal lawyer.

Mr. Peshall, now associated in the case, was interviewed at his residence in Jersey City. He said: "Seeley will give himself up in at least forty-eight hours, perhaps sooner."

"Has his bail been arranged?" was asked.

"It has practically been fixed."

"How much bail will be required?"

"About \$20,000."

"Will the bail be forthcoming?"

"Yes, it will be given."

Mr. Peshall declined to say who would come forward as bondsmen.

That was a private matter, about which, he said, he was not at liberty to speak.

DANGEROUS DERELICTS.

Report of the British Admiralty and Board of Trade Committee on Their Destruction.

LONDON, Nov. 30.—The admiralty and board of trade committee, which for some time past has been considering the subject of the destruction of derelict vessels, has made its report. The committee does not advise the option by the government of any scheme for the destruction of abandoned vessels or the holding of an international conference on the subject. It does, however, recommend the better reporting of derelicts as to their character, location, etc., and the periodical publication of such reports.

The report further says that the danger of disasters resulting from collisions with derelicts is probably greatly exaggerated, as the number afloat at one time in the entire north Atlantic has not exceeded nineteen.

The publication of the information in regard to derelict vessels in the charts issued by the United States would, the committee states, be impracticable, and its use would be likely to mislead mariners and needlessly alarm them.

THE JAMES LICK MONUMENT

Unveiled in San Francisco Yesterday Morning With Appropriate Ceremonies.

SAN FRANCISCO, Nov. 30.—The James Lick monument was unveiled yesterday morning in the City Hall square with appropriate exercises. The cost of the monument, which is one of the finest both as regards design and workmanship in the United States, has been \$100,000. The main material is granite, which serves to support massive bronze figures of heroic proportions and also bronze panels, all of which are historical in their design and together illustrate the growth of California from her early history to the present day. The oration was delivered by Wm. B. Farwell, orator of the Society of California Pioneers. George Schoenwald, president of the Lick trust, formally presented the monument to the city authorities, and Mayor Eliott made the address of acceptance.

THE PANAMA CANAL.

A Bill Reported to the House at the Last Session

FOR THE CONSTRUCTION AND CONTROL

Of the Canal by the United States Supported by Speaker Crisp—What Will Probably Be Done at the Next Session.

WASHINGTON, Nov. 30.—The actual condition of the Nicaraguan canal project, which in a subdued and quiet way seems to figure in the present embargo to an important extent, is this: At the last session of congress a bill was unanimously reported from the house committee on commerce providing for a United States government construction and control of the Nicaraguan canal. The bill authorized the issue of bonds amounting to \$70,000,000 by the government for a term of thirty years to bear interest at 5 percent per annum. It was proposed to pay to the incorporators of the Maritime company, of which Warner Miller, of New York, is president, \$3,500,000 of stock in the new company for the charter obtained by them from Nicaragua and Costa Rica, and also to reimburse them in stock for the sums expended by them in the preliminary work of building the canal. The governments of Nicaragua and Costa Rica were also to receive in stock the amount guaranteed by the Maritime company, while the remainder would be held by the United States government.

The management of the canal was vested in a board of eleven directors, eight representing the United States and the other three the governments of Nicaragua and Costa Rica and the Maritime Canal Co., respectively.

The bill was prepared by a subcommittee of the house committee, and a strong report in favor of it was made by them to the full committee.

The sentiment of the house was favorable to the measure, but Speaker Crisp objected to it, and the measure was not called up. It is understood that strong pressure will be brought upon him to make it a special order, upon now and the holiday recess, or at all events to set aside several days for the consideration of business from the commerce committee, which will enable its chairman, Mr. Wise, of Virginia, to call the measure up.

Representative Bellamy Storer, of Ohio, who has been a champion of the bill, said this morning that the republicans were generally favorable to the proposition, and that in the next house, if not in this, the bill would pass beyond peradventure. Its passage by the house would be followed, it is believed, by similar action on the part of the senate, inasmuch as its advocates in that body include the leading men of both parties.

President Cleveland, in his first message to the present congress, after speaking of the two revolutions which had recently taken place in Nicaragua and noting with approval the fact that "the large American interests established in that country in connection with the Nicaraguan canal were not molested," added the following: "The canal company has, unfortunately, become financially seriously embarrassed, but a generous treatment has been extended to it by the government of Nicaragua. The United States are especially interested in the successful achievement of the vast undertaking this company has in charge. That it should be accomplished under distinctly American auspices, and its enjoyment assured, not only to the vessels of this country as a channel of communication between our Atlantic and Pacific seaboard, but to the ships of the world, in the interests of civilization, is a proposition which, in my judgment, does not admit a question."

SANK INTO THE BAY.

Mysterious Disappearance of Railroad Buildings at Tacoma, Wash.

TACOMA, Wash., Nov. 30.—Shortly after 11 o'clock Wednesday forty-five feet of the south end of the Puget Sound warehouse of the Northern Pacific railroad on the water front, including the offices of the road, the cattle sheds and the pump house for hydraulic work in filling in tide lands, sank into the bay. Just what caused the disaster is a mystery which no one has as yet explained. The John Hansen, a watchman, was in the pump house and has not been seen since. He is believed to have been drowned.

Close by to the south was the bathhouse of H. H. Alger, built partly on land made and partly on piles. This turned over completely. A family of six persons were asleep in the bathhouse at the time. All were rescued except a 15-year-old girl named Emma, who is missing.

At an early hour yesterday morning the land seemed to be slowly slipping into the bay. Whether it was caused by some convulsion of nature or the slipping of made land into the bay, remains to be seen.

What appeared to be a tidal wave was observed by Sergeant Harris at Old Town, more than a mile away. Several ships parted their cables, but were secured before sustaining any damage. The strip of land which slid into the bay was from 250 to 300 yards long and from sixty to seventy feet wide.

An Imported Crew Rescued.

NEW LONDON, Conn., Nov. 30.—The crew of the four-masted schooner Annie J. Pardee, of New Haven, nine in number, were rescued and brought to this port yesterday morning. The Pardee, which was loaded with coal, bound for Boston, struck the reef Wednesday morning, and it was thought would be dashed to pieces on the rocks. The crew had a terrible experience, but were finally rescued and brought to this city.

CHARLEY

PALACE CASH GROCERY

GUILTY! GUILTY!

We have been accused by our competitors and the public of selling more and better goods for less money than any other grocery house in Decatur.

We have also been accused of carrying more goods in our three-story building than every other house in the city and at prices that rejoice the hearts of the happy housekeepers. We'll have to plead guilty, that's all.

We quote a few prices for this week.

New York Burbank or Rose Potatoes, 65c per bushel.	15 pounds Jelly, fine, 50c. A Squeezer.
Lord's best Minnesota Flour, 93c per Sack.	Buttermilk Soap, 20c per Box.
8 pounds finest pea beans, 25c. Cheap.	Mocha and Java Coffee, 30c per pound.
8 pounds fresh Rolled Oats, 25c. None Better.	Broken Java Coffee per pound, 15c. A Daisly.
4 Packages New Mince Meat, 25c. A Bargain.	Pansy Brand Tomatoes, 8c per Can. 90c Dozen.
100 boxes Florida Oranges, per dozen, 10c. Sweet and Fine.	Pansy Brand Corn, 8c per Can. 90c Dozen.
6 pounds new Raisins, 25c. A Stunner.	Good Sweet Corn, 5c per Can. Guaranteed.

We are sorry for other dealers who have to buy in a small way, but we cannot help it; our goods have to be sold at prices that will move them. Mail orders will be filled at prices current when order arrives.

A DOMESTIC HORROR

Suicide of William Damon at His Home Last Night.

The Body Found Cold and Stiff with a Bullet in the Brain—The Inquest.

William Damon, aged about 40 years, was a laborer, and until last night was an occupant of a dwelling on East Prairie street, near the corner of Jasper street. Between 11 and 12 o'clock, after a quarrel with his wife, Damon shot himself in the forehead with a .32-calibre revolver, and this morning the body cold and stiff in death was found lying just inside the kitchen at the open door. Damon was lying on his face with his arms under him, in a pool of blood, and under the body, near the right hand, was the buldog self-acting revolver, with one load left in it. The ghastly hole in the man's forehead told the awful story. Death must have been instantaneous.

It is learned that Damon and his wife had a quarrel last night, and that the husband with revolver in hand drove the woman and her child off the place. The uproar attracted the attention of the neighbors and H. Priest, came out and possibly prevented a tragedy in the street. Mrs. Damon with her child took refuge at the Priest place, and Damon went back into the house. Shortly afterward the neighbors heard the report of a pistol, but there was no thought that Damon had killed himself. Everybody concluded that he might have fired off the revolver for a bluff, and they decided to let him alone for the night. This morning the body was found—as described. The cause of the domestic quarrel is unknown.

Damon was the father of the boy Will Damon, who died recently at St. Mary's hospital. There are two children living. This morning Coroner Beadure was called. He removed the body to Bullard's undertaking rooms, where the inquest was held this afternoon, the verdict being suicide.

Damon was a Modern Woodman, and a brother of Charles Damon.

A SILVER CONVENTION.

The Twenty-fifth Anniversary of the Marriage of Rev. and Mrs. W. H. Penhallegon.

The members of the congregation of the First Presbyterian church arranged for and surprised their pastor and his wife, Rev. and Mrs. W. H. Penhallegon, Wednesday evening. The occasion was the twenty-fifth anniversary of their marriage. At the close of the prayer meeting A. H. Mills, in behalf of the members of the church and congregation gave Rev. Penhallegon 100 new silver half dollars and the members of the Junior Endeavor society presented a basket containing twenty-five beautiful roses. On presenting these evidences of the esteem in which the pastor and his wife are held by the congregation, Mr. Mills made a very appropriate speech closing with the following beautiful sentiment: "Accept this little gift in the spirit in which it is given and use it for your comfort and happiness, and if it gives you as much pleasure to receive it as it has given us to bestow it, we shall be doubly blessed."

Rev. W. H. Penhallegon for himself and in behalf of his wife accepted the gift and thanked the congregation for their expressions of love.

LOST AN ARM.

D. A. Good, the Populist, Meets With a Deplorable Accident.

Yesterday D. A. Good, chairman of the People's Macon County Central committee, met with a most deplorable accident at his home seven miles northwest of Maroa. He was working a fodder-cutting machine and in some manner accidentally caught his left arm in the knives. Before he could be extricated that member was so badly lacerated and broken that amputation was necessary. Dr. McLean performed the operation yesterday afternoon at 4 o'clock and took the arm off at the shoulder.

JOHNSTON-JONES

The Couple Quietly Wedded Yesterday Morning.

Yesterday morning Chas. T. Johnston, the well-known dry goods merchant, and Miss Clara V. Jones, were quietly married by Rev. Galsener at his home. The affair was a very quiet one and was witnessed by only a few friends. It occurred at 11 o'clock a. m., and at 12:05 Mr. and Mrs. Johnston left for the north for a short bridal trip. They will return next week to receive the congratulations of their friends.

The Fog.

The most dense fog in many years has enveloped Decatur all day. It has been getting thicker and thicker since morning, until at one o'clock an object across the street could scarcely be distinguished with certainty. The steam and electric cars are moving slowly.

Mr. McGinty Hurt.

Mr. McGinty yesterday slipped on the ice as he was entering his yard and fractured a small bone in his right arm. Dr. M. C. Jones dressed the injury.

SHOT OUT AT PAXTON

The Decatur Eleven Put Up a Strong Game but They Were Outplayed by the Visitors.

Nearly 200 people witnessed the football game yesterday afternoon between the Decatur and Paxton elevens, notwithstanding the rain, sleet and ice. It was a terrible day to start out but the crowd that was out to the park at times became so enthused that they abandoned the protection that the grand stand offered against the weather. The flip-up gave Decatur choice of goals. The Paxton club had the ball very nearly all the time throughout the game. In the first half the visitors secured two touch-downs and one goal, and in the second half they repeated the operation. This is the entire story, the score being 20 to 0 in favor of Paxton.

It was evident to the spectators that Decatur could not secure a touch-down. Decatur plays without signals and a system, and is at much of a disadvantage. The Decatur boys caught onto the signals of their opponents, and in the last inning of the last half they made it quite uncomfortable for the long-haired visitors for a few moments, and the audience was treated to some very pretty playing. Maus, Walston, Gates and Schroll play like veterans.

THE MEN.

Jack Neil, of Rantoul, was referee and Arthur Dumont, of Decatur, was umpire. Lou Rainey, of Decatur, was linesman. The men were as follows:

Paxton:
F. Hunter, capt. Full back
F. McCracken Right half back
V. Schlosser Left half back
V. Clara Quarter back
G. B. Renner Right end
T. P. Walton Left end
H. S. Smith Right tackle
Harry Duffield Left tackle
Sam Duffield Right guard
Will White Left guard
Will Johnson Center
O. T. Higby Manager

Decatur:
Will McBride center rush
Tom Gifford right guard
S. Kaylor right tackle
A. Balder left guard
E. B. Walston left end
P. O. Smith left tackle
Fred Schroll right end
Will Armstrong quarter back
H. Gates full back
Harry Shauldeman left half back
John Maus right half back

NOTES.

The Paxton eleven left last night for their home.
Vint Flora, the Paxton Quarter back, was carried off the gridiron during the first half and laid on the cushioned seats in the grand stand. He received a very badly sprained knee and had to be assisted when he started for the train.
Renner, the upstart haired Paxton player, suffered from a sprained ankle.
The Decatur players came off the field without a scratch.

One of the Decatur players had his ears tied back, so as to save those members from being torn off. He didn't get close enough to the game, however, to get hurt.

Challenges have been received from Springfield, Danville and Gibson City, and it is probable that a warm game will be played here on Christmas Day.

UNION SERVICES

Thanksgiving Sermon and Songs at the Congregational Church.

The Vision of God's Goodness Topic—Collection \$15.01.

The usual union Thanksgiving services were held in Decatur on Thursday, the place being the First Congregational church. Despite the sleet and rain all of the pews were occupied and deep interest was manifested in the service, in which various ministers took part. The vocalists were Mr. and Mrs. Bert Gher, Miss Hanford and S. R. Gher, with Miss Nichols as organist. The selection were appropriate, being "Come, Thou Almighty King" and "Coronation." The invocation was by the pastor of the church, Rev. W. C. Miller. Rev. W. A. Hawkins of the Cumberland Presbyterian church announced the hymns, and the 33d Psalm was read by Rev. E. B. Maurer of the United Brethren church; a fervent and patriotic prayer was offered by Rev. W. H. Penhallegon of the Presbyterian church, which was followed by the anthem, "O, be Joyful," by the choir.

THE SERMON.

Rev. M. M. L. Wagner, pastor of the First English Lutheran church, delivered the address, which was on "The Vision of God's Goodness," based on the text in Exodus 33:19: "I will make all my goodness pass before thee."

Rev. Mr. Wagner treated the theme in a masterful manner, first speaking of Moses and his devotion to God, of Moses' vision, of his faithfulness, of his schooling for his work. God's providence in everything was shown, and reference to God in history, and the spirit of history was treated upon. Next came the discussion of the economy of grace in the christian's experience, and on the greater things to come. Rev. Mr. Wagner said: "We to-day are enjoying the rich fruits of centuries of struggles. Upon us the ends of the earth are come. The goodness of God, accumulated and repeated from age to age, and still cumulative, is made to pass before us. It stands out in indescribable grandeur and beauty and richness before our appreciative eyes. The sermons in stones, the tongues in trees, the books in running brooks, all alike proclaim his goodness and the sanctity of his name. Shall men alone be found wanting in uttering all his praise?"

But still greater scenes of his goodness will pass before us. There is a prospect that is grand and glorious. The eye of faith looks beyond the present, beyond the earthly, and into the scenes of the heavenly, and it sees a new and earth new, for the first heaven and the first earth are passed away, and there is no more sea. And the holy city, the new Jerusalem, is come down from heaven, to tabernacle among men. Then shall the tabernacle of God be with men, and they shall be his people. And God shall wipe away all tears from their eyes, and there shall be no more death, neither sorrow, nor crying; neither shall there be any more pain, for the former things shall have passed away. And he who sits upon the throne shall make all things new. In that city God and the Lamb are the temple, and the glory of God shall lighten it, and the Lamb is the light thereof. And the nations of them that are saved shall walk in the light of it, and the kings of the earth do bring their glory and honor into it, and there shall not enter therein anything that defileth, neither whatsoever worketh abomination, or maketh a lie, but they who are written in the Lamb's book of life. Then will be celebrated the grand Thanksgiving of eternity, when all the goodness of God will be made to rest on his faithful children.

Rev. D. F. Howe, pastor of the First M. E. church made the appeal for the thanksgiving offering, which was \$15.02. It was stated that the money would be given to the Woman's Industrial and Charitable Union.

AT ST. JOHN'S.

At St. John's Episcopal church yesterday Rev. F. N. Atkin preached a very good sermon, his subject being "Thanksgiving." The full choir furnished music, which had been prepared for the service. Misses Louie Boyd and Florence Hatch and Charles Hoy rendered a trio as an offertory. A good collection was taken up for the poor.
